O&O software

New IT Offer on Stifter-helfen: G DATA Antivirus Business and Endpoint Protection Business in O&O Syspectr

Berlin, May 03, 2022

The cooperation between G DATA CyberDefense and O&O Software provides a unique offer from which non-profit organizations from Germany, Austria and Switzerland registered with Stifter-helfen also benefit.

There is now a new IT offer with special terms on Stifter-helfen, the IT portal of Haus des Stiftens: The security solutions G DATA Antivirus Business and G DATA Endpoint Protection Business are now available in O&O Syspectr as Managed Endpoint Security.

O&O Software from Berlin is a specialist in the development of desktop and web applications for Windows systems and supports companies in the areas of administration, data backup and remote IT management. The Bochum-based company G DATA defends companies against cybercrime with comprehensive cyber defense services, security awareness training and security solutions.

What is the background?

The cooperation between O&O and G DATA provides maximum security against cyber threats with the best usability: thanks to the complete integration of G DATA Antivirus Business and G DATA Endpoint Protection Business in O&O Syspectr, no desktop application from G DATA is required. All applications can be controlled intuitively and easily via O&O Syspectr's cloud-based IT management solution, which provides a complete overview of an entire Windows infrastructure. With the easy-to-use web application, all events can be tracked in real time - whether via smartphone, tablet, notebook, or desktop. The reliable G DATA protection intervenes immediately in the event of viruses, Trojans, spyware, and other malware.

G DATA + O&O Syspectr special offers

As part of the partnership with the IT portal Stifter-helfen, G DATA CyberDefense and O&O Software offer three different packages https://www.stifter-helfen.de/directory?filter_donor_partner=818:

- O&O Syspectr Premium and G DATA Antivirus Business for 10 endpoints
- O&O Syspectr Premium and G DATA Endpoint Protection Business for 25 endpoints
- O&O Syspectr Premium and G DATA Endpoint Protection Business for 50 endpoints

On the IT portal Stifter-helfen, associations and other non-profit organizations can benefit from everything to do with IT: product donations, special conditions, services, and practical know-how about digitization.

To receive IT donations and special offers, organizations must register on the IT portal and prove their charitable status. No registration is required for the know-how area.
